

August 2011

Dear Room Parents,

Thank you for volunteering to be a lead parent for your child's class. We know that both the children and the faculty greatly appreciate all of your time and effort.

As part of cultural enrichment, students will have several opportunities over the course of the year to sample typical French foods in their French classes. We have sign-ups at both Celebration of Learning and Open House for parents to volunteer to bring in designated foods.

Once the food day specifics have been finalized, the French teacher for your child's class will provide you with a list of the volunteers for the French food days. It would be very helpful to us (and the volunteers) if you could include the French food day, the food served, and that month's volunteer on the class calendar each month. Each French teacher will plan on contacting the individual volunteers either by phone or e-mail at least one week in advance to remind him/her about the Food Day and what he/she will need to bring. But, having it on the class calendar ahead of time is a huge help!

Additionally, if there are still volunteers needed after Open House, it would be great for you to help us recruit volunteers.

A big "MERCI" for all of your time and help with this endeavor. The children always look forward to the food days. Your assistance makes it much easier for us to coordinate the volunteers.

Please feel free to contact us if you have any questions or concerns.

Sincerely,

Allyson Hage "Françoise" allysonhage@hotmail.com
